Important note about room rates: The room rates that we have on the flyer were quoted to us in February 2008, as discounted rates for anyone registering in association with the Silat 2008 event. THERE MAY BE WAYS THAT YOU CAN GET A LOWER RATE. And of course if you wait too long, you could end up paying a higher rate. As for the low rate alternatives, here is the explanation we got from the sales associate:

“There are ways to get a lower rate and I'm going to tell you:

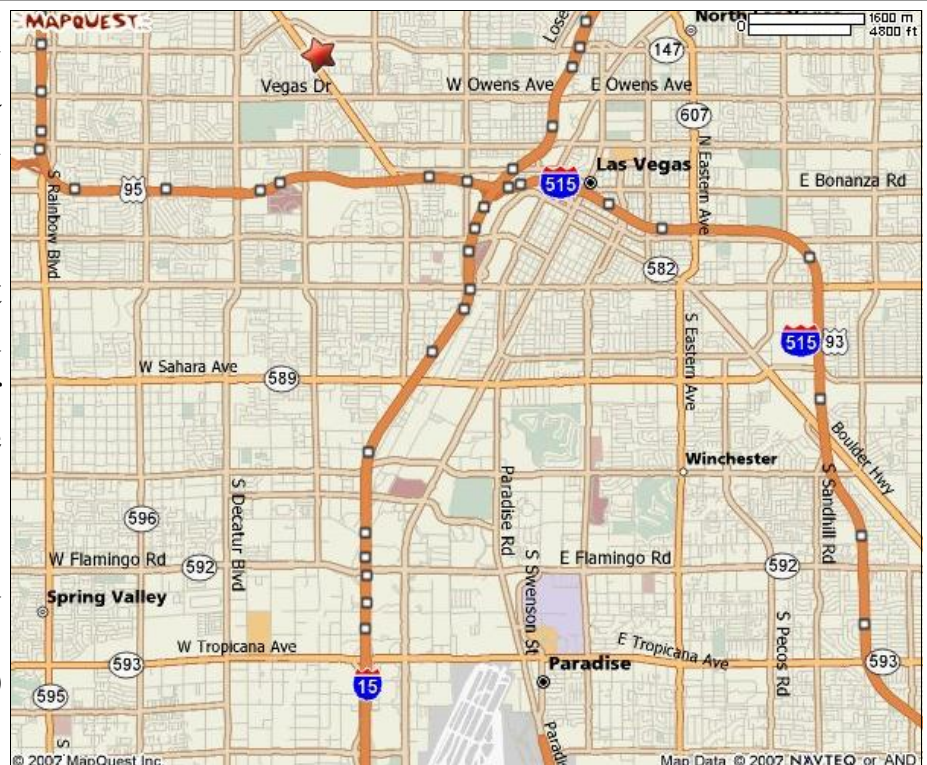

#1) If your guest book through a wholesaler (Expedia, Travelocity and such) they get a year around contracted rate and their rate is lower then my group rate, BUT being a 200 room property, they only get 3 rooms each (once they are gone they are gone).

#2) The group rate is going to be lower then the rate offered if they were calling into central reservations or booking through our Station Casinos website. The only time that group rate is higher is if rooms do not pick up close to your groups arrival date and we need to sell rooms at that time the rate might be lower than what was contracted with your group. (I have been here at Texas Station for 4 years and this has only happened one time).”

For those driving, here is a map of the area that should get you close.

You can see the airport at the bottom and we're told that it's 5 or 6 miles North of the Airport.

A cab ride runs around \$15.00 from the Airport, and there is NO shuttle service.
